Notes for the 87th SOP Meeting, 27 Jan 70, 1400 hours, 4F-21, Hqs. Bldg.

1. We have the approved Minutes of the 86th Meeting and will distribute them. We will distribute the 85th SOP Minutes if they are received.

2. Each Panel member will be provided a copy of the resume (attached), listing alphabetically those returning from and going to overseas posts. It can serve as a point of departure to make sure we are all talking about the same players and positions.

25X1A 3. Supplementing the above resume is a listing of the Headquarters/ [REDACTED] positions we believe we need to fill.

4. Each Panel member will be provided the list (by date of grade) of officers in grades, GS-07, GS-09, and GS-11.

25X1A We have only two GS-07 officers. [REDACTED] DOG September 1963 and
25X1A [REDACTED] DOG January 1968.) Both seem deserving of promotion. However, the
PSI for [REDACTED] has been withheld by direction of DD/P until 26 January 1970.
It may be desirable to postpone promotion consideration of [REDACTED] until June.

25X1A

25X1A

GS-09 to GS-10

There are so few officers we can probably rank them at this session.

GS-11 to GS-12

This ranking will take longer since there are so many fine officers deserving of promotion and our headroom (2/3) is so limited. I suggest a sub Panel give us a first rough cut to review later.
